In accordance with normal trade practice batch to batch variations may occur within commercial tolerances. Samples shown on this card are a guide and current production may differ marginally. We reserve the right to alter specifications without notice. FR testing is predictive and customers must ensure their complete furniture meets the necessary standards. All values and measurements are approximate.

EcoPerform+
Fabric Protection System

EcoPerform+ are advanced, environmentally friendly fabrics designed to be used for senior living, healthcare, contract & hospitality upholstery and where sustainable, durable, waterproof, high performing seating is required.

features & benefits include:

- Halogen free contract, hospitality & IMO FR compliance.
- Woven using GRS certified recycled fibres.
- Easy to clean and maintain, using PFC free permanent water based technology.
- Anti-viral & anti-bacterial, permanent non leaching technology providing protection against viruses and bacteria.
- Fresh, hypoallergenic and skin friendly finish, reduces bad smells and eliminates harmful substances such as formaldehyde and ammonia.
- Impervious, includes a waterproof barrier which exceeds hydrostatic head test standard of 1mtr.
- Hard wearing and durable, exceeds requirement for severe contract upholstery use.
- OEKO-TEX Standard 100 and REACH compliant, containing no harmful substances, free of solvents and VOC's, PFOS, PFOA, formaldehyde, heavy metals and phthalates.
